In this last year of the war in Europe, Bomber Command concentrated on targets of significant importance to the German war machine and its army in the field and its supply routes, and flew long distance raids in support of the Soviet advance from the East. At the very end, Bomber Command carried aid to the starving citizens of Holland and participated fully in the repatriation of allied Prisoners of War.As with the earlier volumes, the entries appear in date order, together with the unit, aircraft type, serial, crew list and loss details. These are complemented by extensive Appendices.
