Zanghui Juan translation Publisher: China External Publication Date: 2004 6-1 ISBN: 9787500112440 words: Page 2004 -06-01 Edition: Binding: Folio: Product ID: Editor's Choice No Summary some recent corporate scandals make people pay more attention to the anti-fraud and anti- corruption struggle. public sector initiatives and the company's robust internal sound of the importance of internal policies. Policy makers. international organizations as well as thematic groups agreed that a key part of the supply side of the anti-corruption package means. The company as the basis for development of anti-fraud and anti-corruption programs rely on ethical standards and the implementation of the compliance system. The program was first developed by the United States in the 1970s. including corporate codes of conduct and training programs as well as decision-making and reporting mechanisms. The book demonstrates the use of this program in the East Asia and the Pacific and other regions. The book sets out the legal constraints or risk management incentives. as well as how such measures prompted more and more companies accept the compliance template. According to the study conducted by the World Bank. and the World Federation of large enterprises. the book written narrative of Western companies and Asian companies for their efforts to develop good standards of business conduct in operating activities in East Asia. Case studies drawn from a wide range of company background. provide concrete examples of the relevant program development. implementation and effectiveness of best practices. The book also provides examples of these practices spread. stressed the importance...
